Faith.

From the moment you walk through the front door, you can see the difference.

Children sitting attentively in classrooms. Lessons that teach respect for self and others. Walls decorated with words like *faith* and *love*.

A **nurturing** place to **learn**.

Success.

- Classes offered in PreK–8th grade. All faiths are welcome.
- New science lab and computer lab.
- Strong, innovative core curriculum including: Religion, Language Arts (Reading, Writing, Grammar), Mathematics, Science / STEM, Social Studies, Art, Music, Technology / Computer Studies.
- A brand new after-school dance program with experienced professionals. Other after-school programs enhance learning about the arts, sports, music and academics.
- Dedicated staff always available for extra help.
- Emphasis on courtesy, manners, self-discipline and a values-centered life.
- Accredited by the Middle States Association of Colleges and Schools.
- Tuition assistance is available for qualifying families.

Love.

The Catholic School Difference

You have a choice about where to educate your child. By saying yes to Catholic schools, you are setting your child on a path toward higher education and higher lifetime earnings. More importantly, you are choosing a path where your child will learn how to be a part of a community, how to help those in need and how to love.

Catholic Schools:

- Offer strong academic programs coupled with religious, moral and spiritual development.
- Seek to involve the whole family and educate the whole student with extra-curricular activities that provide creative, athletic and service opportunities.
- Emphasize the teaching of the Gospels and challenge students to make the world a better place.
- Create lovers of learning. Nearly all graduates of Catholic schools in the Archdiocese of Newark go on to college.
